OPERATIONS RESEARCH LECTURE NOTES

"Operations Research (Management Science) is a scientific approach to decision making that seeks to best design and operate a system, usually under conditions requiring the allocation of scarce resources" A system is an organization of interdependent components that work together to ...

UNIT I INTRODUCTION TO OPERATIONS RESEARCH

12 History of Operations Research Operation Research is a relatively new discipline Whereas 70 years ago it would have been possible to study mathematics, physics or engineering (for example) at university it would not have been possible to study Operation Research, indeed the term OR did not exist then It was really only in the late 1930's

A Comparative study of Transportation Problem under ...

In this work, we have concentrated on the comparative study of Transportation Problem under Probabilistic and Fuzzy Uncertainties [1], [9] The proposed approach allows us to accomplish direct Fuzzy extension of classical numerical Simplex Method [2] We compare the results obtained using Fuzzy and Probabilistic approaches

UNIVERSITY OF PUNE

The University of Pune has great pleasure in publishing the revised syllabus for the Post-Graduate Diploma in Material & Logistics Management (PGDMLM) Examination under the Faculty of Management starting academic year 2008-09 It is hoped that this syllabus will be most useful to the students Operation Research - V K Kapoor
